The ultimate goal of every TPM session is genuine **transformation**, which is the outcome of a refined faith and the renewing of the mind. When God refines our faith and renews our minds with His truth, it will transform us, making it possible for us to walk effortlessly in the fruit of the Spirit. When this occurs it is only because the Spirit has persuaded us of the truth in our hearts.

There are three very important elements which provide the basis for doing TPM that must come into play: All three are needed and must be understood. There is the **refinement of your faith**, then **renewal of our minds**, and the predictable, lasting **transformation** that is a gracious gift from the Holy Spirit
